APPRENTICESHIPS

Tack TMI is proud to partner with **Premier Fleet Solutions** to deliver a Driver Solution designed for the next generation of HGV drivers - helping them become professional, on-road brand ambassadors of the future. We support organisations with their succession planning by building strong driver pipelines today, for tomorrow's success.

As a solutions-focused training provider governed by sector specialists, Tack TMI Bespoke Apprenticeships creates programmes inspired by your needs and crafted by our expertise.

We offer two apprenticeship options, including Cat C or C+E licence acquisition. Our structured learning programmes develop high-quality, competent, and professional drivers in a supportive environment, equipping new drivers with more than just an HGV licence.

More than just Driving. Driving Different.

This programme is ideal for anyone eager to learn how to operate an LGV safely, and fuel-efficiently while delivering a wide range of goods to a diverse range of customers.

Drivers will engage with various stakeholders such as transport planners, managers, loaders, and end users—becoming effective brand ambassadors for your organisation.

Our drivers are trained to provide exceptional service that exceeds customer expectations. They gain proficiency in industry-recognised systems and services, comply fully

Apprenticeship Level 2

Duration 10 months + 3 month EPA

Max Funding - £8000

Who is it for

- Cat C to C+E licence upgrades
