

Turn cultural differences into assets

- Learn about cultural diversity and how to address cultural differences
- Comprehend cross cultural interactions and their potential opportunities and pitfalls
- Use tools and models that help you be successful when you work across different cultures
- Improve cross cultural communication skills
- Learn to turn cultural differences into assets

To be successful in cross cultural business environments it is essential to be highly aware of cultural diversity, understand how differences can positively and negatively influence the business success, and use the learnings in communication and collaboration to continuously deliver positive outcomes.

Collaborating across cultures is a highly interactive learning programme that helps participants to develop an understanding of cross-cultural interactions and learn to turn cultural differences into assets. Besides trainer led presentations, the course is based on discussions, training games, group work and modelling real experiences and work based situations.
